

**IN THE SPECIFICATION:**

**Please amend the paragraph beginning at page 3, line 13 as follows:**

Accordingly, ~~[[q]]~~ a method for low-detectability communication between a transmitter and receiver is provided. The method comprising: (a) transmitting first data from the transmitter according to at least one of a first timing, modulation, and frequency; (b) appending the first data, prior to transmission, with information regarding at least one of a second timing, modulation, and frequency for a subsequent transmission; and (c) transmitting second data from the transmitter according to the information.
